Professional Summary

Motivated IT professional and aspiring Python Developer with strong foundational knowledge in Python, object-oriented programming, and debugging, looking to support software development tasks, build scalable applications, and grow within a technology-driven organization.

Educational Qualifications

- **Master of Computer Applications (MCA)**
  Bishop Heber College (Autonomous), Tiruchirappalli
  2026 | Percentage: 64.47%
- **BCA** – 2024, Aggregate (**58%**)
  Bishop Heber College (Autonomous), Tiruchirappalli, Tamil Nadu, India.

Internship

- **Intern**
  Sri Sri Rural Talent Innovation Centre, Papanasam, Thanjavur
  July 2026 – November 2026
  - Trained in Python, Generative AI, MySQL, data visualization, and data analysis.
- **Software Developer Intern** – Sivasethu Infotech Pvt Ltd, Tiruchirappalli, India
  April 2025 – May 2025

Skills

- **Programming Languages:** Python, SQL
- **Data and AI:** Data Analysis, Data Visualization, Generative AI (Basics)
- **Web Technologies:** HTML, CSS, JavaScript
- **Database:** MySQL
- **Tools:** VS Code, PyCharm, XAMPP, Microsoft Excel, Canva (Design Basics)

Languages Known

- Tamil
- English (Higher Grade)

Project

Developed a web-based **Online Auction and Bidding System** that allows users to register, list products, participate in live bidding, and determine winners based on highest bids. The system provides a secure and transparent platform for conducting online auctions and tenders, useful for e-commerce and procurement scenarios. It handles user authentication, product management, bidding logic, auction timing, and winner declaration.

Advanced Features -

- Implemented **real-time bidding with auction timers** and automatic highest-bid winner selection.
- Built **secure, role-based access control** (Admin, Seller, Buyer) with authentication and validation.
- Developed **admin dashboard and notifications** for monitoring auctions, bids, and user activity.

- **Frontend:** HTML, CSS, JavaScript
- **Styling:** Built a modern, responsive UI for all devices, with mobile-friendly layouts (Flexbox/Grid, media queries) and interactive styling (hover effects, animations, live bid highlights).
- **Backend-as-a-Service:** Supabase | **Database:** MySQL
- **Tools:** VS Code / PyCharm, XAMPP / MySQL Server

Certification Courses

- Completed a course in Python Programming
- Logics in Programming
